

Domus Line SE H4 Ultra Plug & Play Back-to-Back Connector – White

Variant code: F0004000002

The **Domus Line SE H4 ULTRA Plug & Play Back-to-Back Connector** is a dedicated connection accessory for the **SE H4 ULTRA flexible LED silicone profile**. Designed specifically for **back-to-back connection**, it enables compatible sections of the SE H4 ULTRA profile to be connected as part of a furniture lighting installation.

The connector forms part of the **SE H4 ULTRA Plug & Play connection system**, providing a dedicated solution for linking compatible profile sections together. It complements the separately available **power cable and end cap** used when configuring the SE H4 ULTRA lighting system.

Supplied in a **white finish**, the back-to-back connector is intended for use specifically with the **SE H4 ULTRA system**. It is sold separately from the LED profile, allowing the required connection components to be selected according to the individual furniture lighting installation.

Product Features

- **Dedicated back-to-back connector** for the SE H4 ULTRA LED profile
- Designed specifically for **back-to-back connection**
- Forms part of the **SE H4 ULTRA Plug & Play connection system**
- Compatible with the **SE H4 ULTRA flexible LED silicone profile**
