

Domus Line SE H4 Ultra Plug & Play Power Cable with Closure Cap – 2m – White

Variant code: F0001000017

The **Domus Line SE H4 ULTRA Plug & Play Power Cable** is a dedicated connection accessory designed for the **SE H4 ULTRA flexible LED silicone profile**. It provides the power connection required when configuring the lighting profile as part of a compatible furniture lighting installation.

The cable features a **Micro24 connector** designed for the SE H4 ULTRA's convenient **Plug & Play connection system**. With a published cable length of **2000mm (2 metres)**, it provides practical flexibility when routing the connection between the LED profile and the appropriate power supply system.

Supplied in a **white finish** and specified with a **closure cap**, the accessory provides a coordinated connection solution for SE H4 ULTRA installations. It is intended specifically for use as part of the modular **SE H4 ULTRA lighting system**, alongside the separately available LED profile and other compatible connection accessories.

Product Features

- **Dedicated power cable** for the SE H4 ULTRA LED profile
- Designed for the **Plug & Play connection system**
- Features a **Micro24 connector**
- Supplied with a **closure cap**
- Features a **2000mm (2m) cable length**
- Supplied in a **white finish**
- Designed for integration with the **SE H4 ULTRA flexible LED silicone profile**
- Forms part of the modular SE H4 ULTRA connection system

Product Benefits

- **Plug & Play connection provides a straightforward method of connecting the SE H4 ULTRA profile to its power system**
- **2m cable length provides useful**

flexibility when positioning and routing the power connection
