Door Sign Disc 'Fire Door Keep Locked' - 76mm - Satin Anodised Aluminium

Variant code: 2670.03.SAA

The **Fire Door Keep Locked Door Sign Disc** is a premium architectural safety sign designed to provide clear identification for fire doors that must remain locked for security or fire safety purposes. Featuring a **76mm diameter** circular design with the mandatory **"Fire Door Keep Locked"** message, it helps communicate essential fire safety instructions while maintaining compliance in commercial, public and residential buildings.

Manufactured from high-quality materials for long-lasting durability, this door sign is suitable for installation on compatible internal fire doors. Its clean, professional appearance coordinates seamlessly with modern architectural ironmongery, making it an ideal choice for new-build developments, refurbishment projects and ongoing fire door maintenance. The sign is available in a choice of **Polished Stainless Steel (PSS)**, **Satin Stainless Steel (SSS)**, **Satin Anodised Aluminium (SAA)** and **Polished Brass (PB)** finishes to complement a wide range of door hardware.

Combining durability, clear visibility and a premium finish, the Fire Door Keep Locked Door Sign Disc provides an effective and low-maintenance solution for mandatory fire door identification in a wide variety of environments.
