Door Stop - Floor Mounted Flat Top - 35 mm - Satin Stainless Steel

Variant code: 3410.31.SSS

The **Floor Mounted Flat Top Door Stop** is a premium architectural door stop designed to protect doors, walls and surrounding fixtures from damage caused by over-opening. Featuring a clean, flat-top profile with an attractive collared base, this contemporary door stop provides a discreet yet highly effective solution for controlling door movement. Its minimalist design makes it an excellent choice for modern commercial, public and residential interiors.

Manufactured from durable metal for long-lasting performance, this floor-mounted door stop is built to withstand frequent daily use in high-traffic environments. The robust construction offers reliable protection while maintaining its attractive appearance over time. Available in both **Satin Stainless Steel (SSS)** and **Black** finishes, it coordinates perfectly with matching architectural ironmongery and contemporary door furniture.

Ideal for new-build projects, refurbishment works and commercial fit-outs, the Floor Mounted Flat Top Door Stop provides a dependable, low-maintenance solution for preventing door and wall damage while enhancing the overall appearance of modern interiors.

Product Features
