DS35 Invisible Soft Closing Hinge 100° opening Angle for up to 35kg door weight - Nickel Silver - Right Hand

Variant code: 50DS35CERDX36

DS35 Invisible Soft Closing Door Hinge - Right Hand - Nickel is a heavy-duty **concealed furniture hinge** designed for swing doors weighing up to **35kg**. Featuring an integrated soft-closing mechanism and a **100° opening angle**, it provides smooth, controlled door movement while maintaining a clean, minimalist appearance.

The **recessed hinge design** remains completely hidden when the door is closed, making it ideal for contemporary furniture and cabinetry. Its **three-dimensional adjustment system** allows precise horizontal, vertical and depth positioning, helping achieve accurate door alignment and consistent gaps.

Suitable for **door thicknesses from 20mm to 40mm**, the DS35 is compatible with wooden doors and aluminium profiles when used with the appropriate fittings. This **right-hand variant** features an attractive **nickel silver finish** and includes a screw cover for a neat, professional appearance.

Product Features

- **Invisible concealed hinge** remains hidden when the door is closed.
- **Integrated soft-closing mechanism** provides controlled door closure.
- **100° opening angle** for convenient access.
- **Supports doors up to 35kg**, subject to correct installation.
- **3D adjustment** for horizontal, vertical and depth alignment.
- **Suitable for 20–40mm door thicknesses**.
- **Compatible with wooden doors and aluminium profiles** using suitable fittings.
- **Nickel silver finish** with right-hand configuration.
- **Included screw cover** provides a neat finished appearance.

Product Benefits
