

ECO-top for Antaro to Suit 450mm Cabinet, 500mm NL - 2 x 32L Bins - Grey

Variant code: ABS504520.64

The inner bins are extra sturdy and easy to remove thanks to the reinforced glass fibre handle.

The Blum TANDEMBOX drawer system incorporates soft-close functionality, making for a smooth-running bin system that closes silently and effortlessly.

Different sizes of containers to suit different sorts of waste saves time spent sorting - which is a perfect solution for busy households.

Bin sits neatly inside the cabinet and removes unsightly, traditional free-standing bins from you and your guests view.

ECO-top is mounted directly on to the cabinet door, as the door is pulled open the bin compartments come out simultaneously.

The odour trap shelf sits neatly across the complete bin system to prevent smells from escaping.
