

Evoline Pop-Up 3x Power Sockets & 2x USB Sockets – Stainless Steel

Variant code: LPD90010SS

The EVOLine worktop fitted power sockets finished in a quality solid metal stainless steel finish. Complete with 3 socket ports & 2 USB chargers these German manufacturers have made a kitchen accessory to last. Fully retractable even when in use they are centre focal point. Easy installed and can be retro-fitted.

The EVOLine® Port is the designers' choice for an intelligent integrated connectivity solution in residential and office interiors – from kitchen islands, worktops and cabinets to office desks and table legs.

Includes a 2.5M power cable & 13A GB plug. X2 USB Chargers (A & C). Ideal for charging ALL versions of iPhone, iPad & similar USB-Chargeable Devices

Can also be fitted to the underside of a kitchen wall cabinet. Discreet cable management solution.

The port sockets can be mounted in different ways into a 102mm hole in a surface with a maximum thickness of 50mm. Complete with a two year warranty

Into a work surface allowing the port to be raised vertically
 Into the base of a wall cabinet, the port would be pulled downwards for access
 Into a vertical panel, the port is pulled out horizontally for access

Available with future-proofed technology, including the high-performance Universal USB Charger
