External 35" Hook & Band Hinge - Cranked - Pair - Beeswax

Variant code: 45595

When opened a tee hinge has the appearance of a letter 'T'. An alternative to butt hinges, tee hinges are usually used in conjunction with a suffolk latch on traditional plank doors.

Our blacksmith tee hinges are hammered into shape from mild steel using the traditional manufacturing method of an anvil and fire.

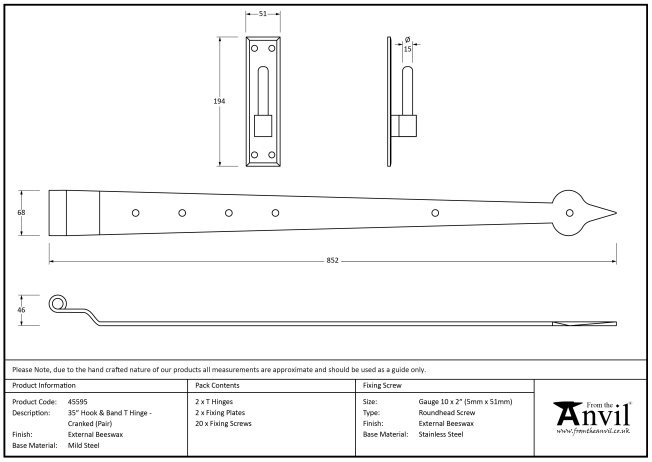

- Band is hinged on the pin attached to the fixing plate.
- Cranked hinge allows door to be flush with the surface of the frame.
- Suitable for heavy doors and gates.
- Supplied as a pair.
- Supplied with matching SS wood screws.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax. It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	External Beeswax
Hinge arm (mm)	860
Range	Cranked
Overall Length (mm)	889
