# External Cottage Slimline Lever Espag. Lock Set - Beeswax

**Variant code: 45593**

The cottage set is part of the traditional range of sprung lever handles. A timeless design that lends itself to cottages and historic properties.

This handle has a strong double spring incorporated into the stylish boss design to give both functionality & elegance.

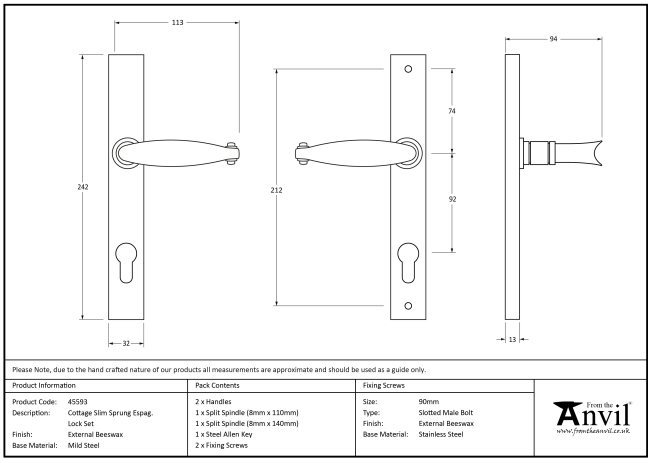

- Lever handle for external doors where multi-point locking is required.
- Set includes an internal and external lever espag lock handle.
- Can be used with a multi-point lock or french door kit in conjunction with a euro cylinder.
- Supplied with matching SS bolt through fixings.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax.  It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre.  An extremely natural finish and a far softer alternative to a black powder coated finish.

| Property | Value |
