External Monkeytail Slim. Lever Espag. Lock Set - Right Hand - Beeswax

Variant code: 45594R

The monkeytail part of this traditional lever range starts life as a thin piece of mild steel. Our blacksmiths then heat and delicately hammer the steel to form the curly monkeytail shape - one of the most traditional designs in our collection.

This handle has a strong double spring incorporated into the stylish boss design to give both functionality & elegance. Lever handle for external doors where multi-point locking is required.

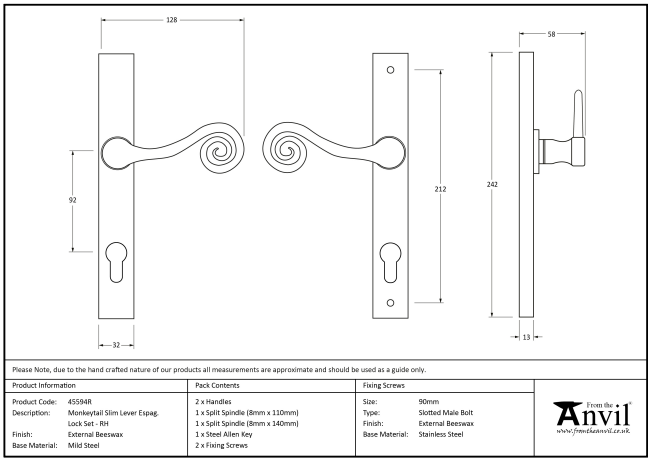

Set includes an internal and external lever espag lock handle. Can be used with a multi-point lock or french door kit in conjunction with a euro cylinder. Supplied with matching SS bolt through fixings.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax. It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	External Beeswax
Depth (mm)	13
Width (mm)	32
Range	Monkeytail
Overall Length (mm)	242
Handle Length (mm)	128
