

External Regency Lever on Rose Set – Unsprung – Beeswax

Variant code: 50096

Our regency lever collection is a popular choice for many properties and features a simple round backplate, which complements the smooth rounded lever.

Designed to match the regency window furniture in the range.

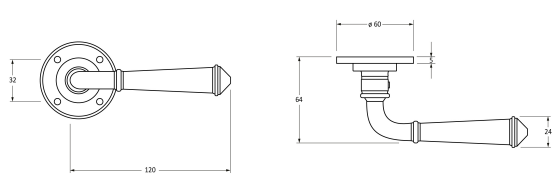

This handle is unsprung (available on a 2 week lead time) but has a stylish boss design to give both functionality & elegance.

- Lever handle for internal and external doors where locking is either required or not required.
- Set includes 2 lever on rose handles.
- Can be used with a multitude of standard locks, euro locks, multipoint locks, latches, escutcheons & thumbturns for various uses within the home.
- Supplied with matching SS wood screws.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax. It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	External Beeswax
Width (mm)	60
Range	Regency
Handle Length (mm)	120

Gallery

Technical drawing of a Regency Lever On Rose Set - U. The drawing includes two views: a front view on the left and a side view on the right. The front view shows a circular rose with a diameter of 60mm and a handle with a length of 120mm. The side view shows the handle's profile with a height of 64mm and a width of 24mm.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
