# External Regency Lever on Square Rose Set - Beeswax

**Variant code: 45642**

Our regency lever collection is a popular choice for many properties and features a simple round backplate, which complements the smooth rounded lever.

Designed to match the regency window furniture in the range.

This concealed lever handle features a square rose which adds a contemporary edge to a traditional looking product. The handle has a strong spring incorporated into the concealed boss.

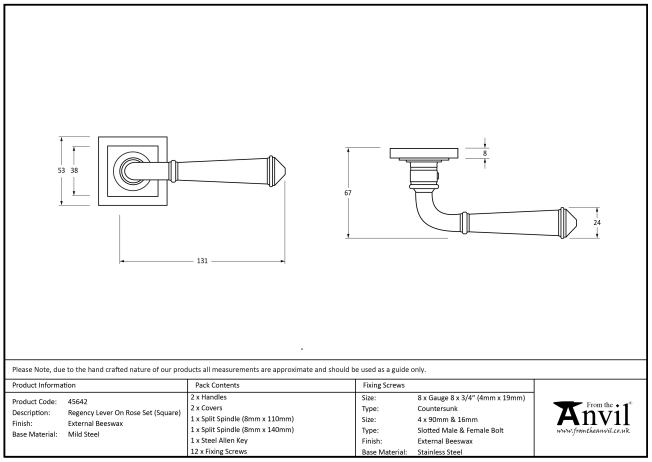

- Lever handle for internal and external doors where locking is either required or not required.
- Set includes 2 concealed lever on rose handles.
- Can be used with a multitude of standard locks, euro locks, latches, escutcheons & thumbturns for various uses within the home.
- Supplied with matching SS bolt through fixings & SS wood screws.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax.  It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre.  An extremely natural finish and a far softer alternative to a black powder coated finish.

| Property | Value |
|---|---|
| Finish | External Beeswax |
