

## External Round Beehive Escutcheon – Beeswax

**Variant code: 45701**

Our vast range of escutcheons are designed as a finishing touch for all locking doors and are used to decorate key holes.

This concealed escutcheon features a beehive cover which matches a number of other products and adds a contemporary edge to a traditional looking product.

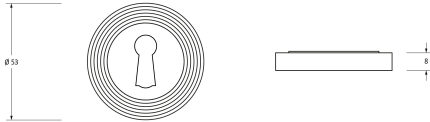

Our escutcheons complement all of our mortice knob and lever on rose designs.

- This escutcheon uses a standard key hole so can be used with a multitude of locks.
- Supplied with matching SS wood screws.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax. It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	External Beeswax
Depth (mm)	8
Width (mm)	53
Range	Beehive

Gallery

Technical drawing of the Round Escutcheon (Beehive) showing front and side views with dimensions. The front view is a circle with a keyhole in the center, labeled with a diameter of Ø 53. The side view shows the profile of the escutcheon, labeled with a thickness of 8.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
