

## External Round Euro Square Escutcheon – Beeswax

**Variant code: 45726**

Our vast range of escutcheons are designed as a finishing touch for all locking doors and are used to decorate key holes.

This concealed escutcheon features a square cover which matches a number of other products and adds a contemporary edge to a traditional looking product.

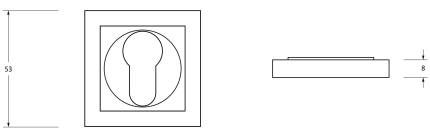

Our escutcheons complement all of our mortice knob and lever on rose designs.

- This escutcheon is used with a euro profile lock in conjunction with a euro cylinder.
- Supplied with matching SS wood screws.

Our external beeswax is unique to From the Anvil and is manufactured from an anti-corrosive beeswax. It has a matt richness and like our standard beeswax, the depth of colour ranges from blue to deep red ochre. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	External Beeswax
Depth (mm)	8
Width (mm)	53
Range	Concealed
