

External Shepherd's Crook Universal Bolt – 8" – Beeswax

Variant code: 46544

We have an extensive range of door, window, french and flush bolts, ranging from 4" to 12".

A multi purpose bolt which can be used on windows or doors and in other applications due to a variety of keeps supplied with the product.

Designed to match the shepherd's crook window furniture in the range.

Can be used horizontally & vertically due to the strong spring mechanism incorporated into the bolts.

Supplied with matching SS wood screws.

Our beeswax finish is the most authentic finish for steel. After forging, the colours left in the steel range from blue to deep red ochre. To preserve these beautiful colours, our beeswax products are dipped into hot beeswax. This gives a subtle, matt richness to the metal and offers excellent protection when the products are fitted internally and properly maintained. An extremely natural finish and a far softer alternative to a black powder coated finish.

Property	Value
Finish	Beeswax
Range	Shepherd's Crook

Gallery
