Fanlight Catch with two Keeps - Black

Variant code: 83844

A traditional fanlight catch generally used on bottom hung casement windows.

The loop allows high windows to be opened with a hook on the end of a long pole.

Supplied with two keeps to allow for flush or recessed fitting.

Suitable for inward-opening windows only.

Supplied with matching SS wood screws.

Our black finish is a popular choice in traditional settings, it has a subtle sheen and offers a bold contrast on both stained and painted timber alike. It is baked in a high-temperature oven giving it durable corrosion resistant properties.

Property	Value
Finish	Black
Width (mm)	47
Overall Length (mm)	74
