Fastmount Drill Guide Installation Jig - For PC-RF1

Variant code: CT-18DG

Fastmount Drill Guide Installation Jig (CT-18DG) is a precision installation tool designed for use with the **Fastmount® Standard Profile concealed panel mounting system**. Specifically engineered for **PC-RF1 mounting applications**, this adjustable drill guide ensures accurate drill positioning, helping installers achieve consistent and repeatable panel installations with minimal setup time.

Featuring an adjustable design, the CT-18DG accurately guides drilling operations to ensure correct hole placement for PC-RF1 mounting configurations. Its robust construction provides reliable performance in both workshop and on-site environments, helping reduce installation errors while improving efficiency and overall finish quality.

The Fastmount® multi-award-winning concealed panel mounting system enables panels to be removed and refitted repeatedly in any sequence without damaging the fixing system, making it the preferred solution for architectural joinery, marine interiors, furniture manufacturing and commercial fit-out projects.

Product Features

- **Adjustable drill guide installation jig**
- Designed for **Fastmount® Standard Profile systems**
- Specifically developed for **PC-RF1 mounting applications**
- Adjustable design for precise drill positioning
- Improves drilling accuracy and consistency
- Durable professional-grade construction
- Genuine Fastmount® installation tool
- Suitable for workshop and on-site installations

Product Benefits

- Ensures accurate hole positioning
- Improves installation consistency
- Reduces installation time and measurement errors

- Helps achieve professional concealed panel installations
- Durable construction for repeated professional use

Technical Characteristics

- **Product Type:** Drill Guide Installation Jig
- **Brand:** Fastmount
- **Model:** CT-18DG
- **Compatibility:** Fastmount® Standard Profile Range
- **Mounting Option:** PC-RF1
- **Adjustment:** Adjustable Drill Guide
- **Application:** Drill Positioning for Concealed Panel Installation

Applications

Ideal for **cabinet makers, joiners, shopfitters, furniture manufacturers, marine installers, exhibition contractors and interior fit-out specialists** installing **Fastmount® Standard Profile concealed panel systems**. The CT-18DG Drill Guide Installation Jig provides accurate drill positioning for **PC-RF1 mounting options**, helping achieve fast, precise and repeatable installations across commercial, residential and marine applications.
