Fastmount Install Tool for Low Profile Range - LP-F8 & LP-DF8 - Aluminium

Variant code: CT-19

Fastmount Install Tool for Low Profile Range - LP-F8 & LP-DF8 - Aluminium is a professional installation accessory designed for the **Fastmount® Low Profile concealed panel mounting system**. Engineered for use with **LP-F8 and LP-DF8 female clips**, the tool enables fast, accurate and consistent installation using a battery drill set to the correct torque, making it ideal for high-volume production and large-scale panel installations.

Manufactured from lightweight yet durable aluminium, the CT-19 provides excellent strength while remaining comfortable to use during extended installation work. Its precision design ensures secure engagement with compatible female clips, helping installers achieve reliable and repeatable results while improving installation efficiency.

The Fastmount® multi-award-winning concealed panel mounting system allows panels to be removed and refitted repeatedly in any sequence without damaging the fixing system, making it a preferred solution for furniture manufacturing, marine interiors, architectural joinery and commercial fit-out projects.

Product Features

- **Aluminium installation tool for Fastmount® Low Profile systems**
- Compatible with:
  - LP-F8 female clips
  - LP-DF8 female clips
- Designed for use with a battery drill
- Use with the correct drill torque setting
- Lightweight aluminium construction
- Precision engineered for accurate installation
- Ideal for large quantity installations
- Genuine Fastmount® installation tool
- Refer to Fastmount installation guides for correct use

Product Benefits

SWS HARDWARE

- Speeds up installation of Low Profile clips
- Delivers accurate and consistent fitting results
- Improves productivity during high-volume installations
- Lightweight design reduces operator fatigue
- Durable aluminium construction provides long service life

Technical Characteristics

- **Product Type:** Clip Installation Tool
- **Brand:** Fastmount
- **Model:** CT-19
- **Material:** Aluminium
- **Compatible System:** Fastmount® Low Profile Range
- **Compatible Clips:** LP-F8 and LP-DF8 Female Clips
- **Tool Compatibility:** Battery Drill (Correct Torque Setting Required)
- **Application:** Installation of Low Profile Female Clips

Applications

Ideal for **cabinet makers, furniture manufacturers, shopfitters, joiners, marine installers, exhibition contractors and interior fit-out specialists** installing **Fastmount® Low Profile concealed panel systems**. The CT-19 installation tool is particularly suited to **large production runs and high-volume installations**, providing fast, accurate and repeatable installation of **LP-F8 and LP-DF8 female clips** while helping maintain the efficiency and reliability of the Fastmount® concealed mounting system.
