Fastmount Low Profile Trial Kit Complete with Clips & Tools

Experience the Versatility of Fastmount Low Profile - Trial Kit Included!

This comprehensive Fastmount Low Profile Trial Kit is the perfect introduction to the revolutionary mounting system. Designed for effortless installation and secure holding power, Fastmount Low Profile offers a sleek and discreet solution for mounting displays, signage, and more.

This kit includes:

- A selection of Fastmount Low Profile clips to explore various mounting options.
- Essential tools for easy installation and removal.
- Detailed instructions to guide you through the process.

Key Benefits:

Effortless Installation & Removal: Quickly and easily mount and remove displays without tools.

Versatile Applications: Ideal for a wide range of mounting needs, including signage, displays, and more.

Secure Holding Power: Provides a strong and reliable hold, ensuring your displays stay in place.

Sleek & Discreet: Low-profile design maintains a clean and professional aesthetic.

Durable & Long-lasting: Built to withstand the test of time.

Ideal for:

- Exhibitors and event planners

- Retailers and store owners
- Sign makers and installers
- Display designers and manufacturers
