Fastmount Low Profile Self Tapping Clip - Male

Variant code: LP-M8A

Fastmount Low Profile Self-Tapping Male Clip (LP-M8A) is a professional concealed mounting clip designed to provide fast, secure and reliable attachment for removable panels. Featuring a **self-tapping design**, the clip installs quickly into suitable substrates without requiring pre-threading, making it an efficient solution for a wide range of commercial, marine and industrial applications.

Manufactured from durable engineering-grade material, the LP-M8A delivers excellent holding strength, vibration resistance and long-term reliability. Its **low-profile design** minimises protrusion behind the panel, helping maintain a clean, streamlined installation while maximising available space. Designed to engage with compatible **Fastmount® Low Profile female clips**, it forms a secure concealed fixing that allows panels to be repeatedly removed and reinstalled for maintenance or servicing.

As part of the **Fastmount® Low Profile concealed panel mounting system**, the LP-M8A offers an efficient and durable fastening solution for applications where appearance, accessibility and dependable performance are essential.

Product Features

- Low Profile self-tapping male clip
- Self-tapping design for quick installation
- Compatible with Fastmount® Low Profile female clips
- Concealed mounting system
- Low-profile design minimises protrusion
- Durable engineering-grade construction
- Strong, vibration-resistant panel retention
- Corrosion-resistant materials
- Genuine Fastmount® Low Profile clip

Product Benefits

- Speeds up installation and reduces labour time
- Provides a strong and secure concealed fixing
- Maintains a clean, flush panel appearance

- Allows repeated panel removal and reinstallation
- Excellent durability for demanding environments
- Maximises available installation space

Technical Characteristics

- **Product Type:** Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** LP-M8A
- **System Compatibility:** Fastmount® Low Profile Range
- **Clip Type:** Self-Tapping Male
- **Construction:** Engineering-Grade Polymer
- **Installation:** Self-Tapping Concealed Fixing
- **Features:** Low Profile, Corrosion Resistant
- **Application:** Removable Panel Mounting

Applications

The **Fastmount LP-M8A Low Profile Self-Tapping Male Clip** is ideal for **marine interiors, automotive trim, vehicle conversions, furniture manufacturing, shopfitting, exhibition displays, architectural joinery, industrial equipment enclosures and commercial interior fit-out projects**. Designed for use with compatible **Fastmount® Low Profile female clips**, it provides a secure, concealed and removable panel fixing that supports fast installation and easy access for maintenance or servicing.

Property	Value
Finish	White
Width (mm)	24
Length (mm)	17.5
Height (mm)	24
Material	Plastic
Min. Panel Thickness (mm)	6
Weight (g)	2.6
Installation Type	Self tapping
Pull-out Force (kg)	5
