Fastmount Low Profile Self Tapping Clip - Female

Variant code: LP-F8

Fastmount Low Profile Self-Tapping Female Clip (LP-F8) is a professional concealed mounting clip designed to provide fast, secure and reliable panel attachment for a wide variety of applications. Featuring a **self-tapping design**, the clip installs quickly into suitable substrates, eliminating the need for pre-threading while maintaining the slim, low-profile appearance of the Fastmount® concealed panel mounting system.

Manufactured from durable engineering-grade polymer, the LP-F8 delivers excellent holding strength and long-lasting performance in demanding environments. Its low-profile design minimises protrusion behind the panel, creating a clean, discreet installation while allowing compatible Fastmount® male clips to engage securely. The clip also enables panels to be removed and refitted repeatedly, making it ideal for applications requiring regular maintenance or access.

As part of the **Fastmount® Low Profile range**, the LP-F8 offers an efficient concealed fixing solution for furniture, marine, transport and commercial interior projects where both aesthetics and functionality are important.

Product Features

- Low Profile self-tapping female clip
- Self-tapping design for fast installation
- Concealed mounting system
- Compatible with Fastmount® male clips
- Low-profile design minimises protrusion
- Durable engineering-grade polymer construction
- Strong and reliable panel retention
- Genuine Fastmount® Low Profile clip

Product Benefits

- Speeds up installation and reduces labour time
- Provides a secure concealed panel fixing
- Creates a clean, professional finish
- Allows repeated panel removal and reinstallation
- Durable construction for long service life

- Suitable for a wide range of panel materials and applications

Technical Characteristics

- **Product Type:** Female Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** LP-F8
- **System Compatibility:** Fastmount® Low Profile Range
- **Clip Type:** Self-Tapping Female
- **Construction:** Engineering-Grade Polymer
- **Installation:** Self-Tapping Concealed Fixing
- **Application:** Removable Panel Mounting

Applications

The **Fastmount LP-F8 Low Profile Self-Tapping Female Clip** is ideal for **automotive interiors, marine fit-outs, furniture manufacturing, shopfitting, exhibition displays, architectural joinery, industrial equipment and commercial interior fit-out projects**. Designed for concealed removable panel systems, it provides a strong, discreet and reliable fixing while allowing panels to be quickly removed and refitted for inspection, maintenance or servicing.

Property	Value
Finish	White
Width (mm)	30
Length (mm)	11.3
Height (mm)	11.3
Material	Plastic
Min. Panel Thickness (mm)	10
Weight (g)	4.4
Installation Type	Self tapping
