

Fastmount Low Profile Surface Mount Adhesive Fix Clip - Male

Variant code: LP-SM8AS

The LP-SM8AS is a male low profile clip with a surface mount installation. Featuring Fastmount's patented SuperGroove base, the grooves mechanically engage into the Fastmount SuperGroove Adhesive to create a bond that supports a 5kg pull out load. Ideal for thin panels or panels where drilling into the surface is not possible. The clip also offers an option to screw fix directly through the head for rapid installation. Mounts into LP-F8, LP-DF8 and LP-AF8A female clips.

BENEFITS

- No special tools required for installation
- Adhesive or screw fix
- 5kg pull out load
- 4mm clearance between panel and substrate
- CNC machine compatibility
- Acoustic isolation

APPLICATIONS

- Thin wall panels
- Lightweight ceiling panels
- Covered, painted or prefinished panels
- Interior panels
- Refit and upgrade work

The Fastmount® multi-award winning system has revolutionized the mounting of panels. Panels can easily be removed and refitted in any sequence time after time
