Fastmount Metal Self Tapping Heavy Duty Clip - 10kg - Female

Variant code: MC-F10

Fastmount Metal Self-Tapping Heavy Duty Female Clip (MC-F10) is a robust concealed mounting clip designed for heavy-duty removable panel applications. Engineered with a **10kg holding capacity**, this self-tapping female clip provides a strong, secure connection while allowing panels to be repeatedly removed and refitted without compromising the integrity of the mounting system.

Manufactured from durable metal for exceptional strength and long-term reliability, the MC-F10 is suitable for demanding environments where high load capacity and vibration resistance are essential. The **self-tapping design** enables quick installation into suitable substrates, reducing installation time while maintaining accurate alignment with compatible **Fastmount® Metal Range male clips**.

As part of the **Fastmount® Metal Clip system**, the MC-F10 delivers a concealed fixing solution that combines heavy-duty performance with easy panel access, making it ideal for applications requiring regular maintenance, inspection or servicing.

Product Features

- Heavy-duty metal self-tapping female clip
- **10kg holding capacity**
- Compatible with Fastmount® Metal Range male clips
- Self-tapping installation
- Concealed mounting system
- Durable metal construction
- Strong, vibration-resistant connection
- Suitable for repeated panel removal and reinstallation
- Genuine Fastmount® Metal Range clip

Product Benefits

- Provides secure retention for heavier panels
- Speeds up installation with self-tapping

fixing
- Allows quick panel removal for maintenance and servicing
- Offers excellent durability in demanding environments
- Maintains a clean, concealed panel appearance
- Delivers reliable long-term performance

Technical Characteristics

- **Product Type:** Female Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** MC-F10
- **System Compatibility:** Fastmount® Metal Clip Range
- **Clip Type:** Heavy-Duty Self-Tapping Female
- **Holding Capacity:** 10kg
- **Material:** Metal
- **Installation:** Self-Tapping
- **Application:** Heavy-Duty Removable Panel Mounting

Applications

The **Fastmount MC-F10 Metal Self-Tapping Heavy Duty Female Clip** is ideal for **marine interiors, transport vehicles, industrial machinery, equipment enclosures, architectural joinery, commercial fit-outs, exhibition systems and heavy-duty furniture installations**. Designed for use with compatible **Fastmount® Metal Range male clips**, it provides a secure, concealed and removable fixing solution for heavier panels while ensuring easy access for maintenance and long-term serviceability.

Property	Value
Finish	Plain
Width (mm)	31
Length (mm)	15
Height (mm)	34
Material	Zinc Alloy
Min. Panel Thickness (mm)	14
Weight (g)	19
