

## Fastmount 10mm Forstner Type Drill – Carbide Tipped

Variant code: CT-09

**Fastmount 10mm Carbide-Tipped Forstner Drill Bit (CT-09)** is a precision installation tool designed for use with the **Fastmount® Standard Profile, Low Profile and Metal concealed panel mounting systems**. Engineered to drill accurate **blind holes into the rear of panels**, it ensures precise clip positioning for professional concealed panel installations.

Manufactured with a durable **carbide cutting tip**, the drill delivers clean, accurate cuts and extended service life, even in demanding workshop and on-site environments. It is an essential tool for achieving consistent installation quality when fitting Fastmount® panel clips.

The Fastmount® multi-award-winning concealed mounting system enables panels to be removed and refitted repeatedly in any sequence without damaging the fixing system, making it the preferred choice for architectural, marine and interior fit-out applications.

---

### Product Features

- **10mm carbide-tipped Forstner drill bit**
- Designed for drilling blind holes into the rear of panels
- Compatible with:
  - Fastmount® Standard Profile
  - Fastmount® Low Profile
  - Fastmount® Metal Range
- Precision ground cutting edges
- Suitable for professional installation work
- Genuine Fastmount® installation tool

---

### Product Benefits

- Produces clean and accurate blind holes
- Ensures correct positioning of Fastmount® clips
- Long-lasting carbide tip for extended tool life
- Improves installation consistency
- Suitable for repeated workshop and on-site use

---

### Technical Characteristics

- **Product Type:** Forstner Drill Bit
- **Brand:** Fastmount
- **Model:** CT-09
- **Diameter:** 10mm
- **Tip Material:** Carbide
- **Hole Type:** Blind Hole
- **System Compatibility:** Fastmount® Standard Profile, Low Profile & Metal Ranges
- **Application:** Concealed Panel Mounting Installation

---

## Applications

Ideal for **cabinet makers, joiners, furniture manufacturers, marine installers, exhibition contractors, shopfitters and interior fit-out specialists** installing **Fastmount® concealed panel mounting systems**. Designed for accurately drilling blind holes into panel backs, it supports fast, repeatable installation while maintaining the clean, removable finish that Fastmount® systems are renowned for.
