

## Fastmount Standard Clip Vario Self Tapping Extra Heavy Duty – Male – 15kg

Variant code: PC-SVMX

**Fastmount Standard Vario Self-Tapping Extra Heavy Duty Male Clip (PC-SVMX)** is a premium concealed mounting clip engineered for high-load removable panel applications. Featuring a **15kg pull-out load, variable gap adjustment** and **high shear strength**, this extra heavy-duty clip provides a secure, reliable fixing for larger and heavier panels while maintaining the clean, concealed appearance of the Fastmount® Standard Profile mounting system.

Designed as a **surface-mount self-tapping male clip**, the PC-SVMX installs quickly using **3 x countersunk (#6) screws** and is suitable for panels with a **minimum thickness of 9mm**. Its variable gap design accommodates installation tolerances and panel movement, ensuring consistent engagement and precise alignment. The clip is compatible with **PC-F1A, PC-SF1, PC-RF1 and PC-AF1** female clips, providing flexibility across a wide range of Fastmount® Standard Profile installations.

As part of the **Fastmount® Standard Profile concealed panel mounting system**, the PC-SVMX allows panels to be repeatedly removed and refitted without damaging the mounting hardware, making it ideal for applications requiring regular maintenance, inspection or servicing.

---

### Product Features

- Standard Profile Vario self-tapping male clip
- **15kg pull-out load**
- Variable gap design for improved installation flexibility
- High shear strength
- Surface-mount installation
- Compatible with:
  - PC-F1A
  - PC-SF1
  - PC-RF1
  - PC-AF1
- Minimum panel thickness: **9mm**
- Installs using **3 x countersunk (#6) screws**

- Durable engineering-grade construction
- Genuine Fastmount® Standard Profile clip

---

## Product Benefits

- Securely supports heavier removable panels
- Variable gap compensates for installation tolerances
- Provides excellent shear strength for demanding applications
- Enables quick panel removal for maintenance and servicing
- Fast and straightforward installation
- Delivers long-term reliability in commercial, marine and industrial environments

---

## Technical Characteristics

- **Product Type:** Extra Heavy-Duty Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** PC-SVMX
- **System Compatibility:** Fastmount® Standard Profile Range
- **Clip Type:** Vario Self-Tapping Male
- **Holding Capacity:** 15kg Pull-Out Load
- **Mounting Style:** Surface Mount
- **Minimum Panel Thickness:** 9mm
- **Fixing Method:** 3 × Countersunk (#6) Screws
- **Compatible Female Clips:** PC-F1A, PC-SF1, PC-RF1, PC-AF1
- **Application:** Heavy-Duty Removable Panel Mounting

---

## Applications

The **Fastmount PC-SVMX Standard Vario Self-Tapping Extra Heavy Duty Male Clip** is ideal for **architectural wall panels, marine interiors, commercial fit-outs, transport vehicles, industrial machinery enclosures, exhibition systems, retail displays and bespoke joinery**. Designed for use with compatible **Fastmount® Standard Profile female clips**, it provides a secure, concealed and removable fixing solution for **heavy-duty panel installations**, delivering exceptional strength, precise alignment and convenient access for maintenance and servicing.

| Property                  | Value |
|---------------------------|-------|
| Width (mm)                | 20    |
| Length (mm)               | 20    |
| Height (mm)               | 24.8  |
| Min. Panel Thickness (mm) | 9     |
| Pull-out Force (kg)       | 15    |
