

Fastmount Standard Self Tapping Heavy Duty Clip – 10kg – Male

Variant code: PC-M2H

Fastmount Standard Self-Tapping Heavy Duty Male Clip (PC-M2H) is a high-strength concealed mounting clip designed for demanding removable panel applications. With a **10kg holding capacity**, this heavy-duty self-tapping male clip provides exceptional retention and durability, making it ideal for larger or heavier panels in commercial, marine and industrial environments.

Featuring a **self-tapping design**, the PC-M2H installs directly into suitable substrates without the need for pre-threading, simplifying installation while maintaining a strong and reliable concealed fixing. Manufactured from high-performance engineering-grade polymer, it offers excellent resistance to vibration, wear and repeated use. Designed to engage with compatible **Fastmount® Standard Profile female clips**, it allows panels to be removed and refitted repeatedly without compromising the integrity of the mounting system.

As part of the **Fastmount® Standard Profile concealed panel mounting system**, the PC-M2H delivers a clean, professional finish while providing dependable performance for applications requiring secure panel retention and regular maintenance access.

Product Features

- **Standard Profile heavy-duty self-tapping male clip**
- **10kg holding capacity**
- Compatible with Fastmount® Standard Profile female clips
- Self-tapping design for fast installation
- Concealed fixing system
- Durable engineering-grade polymer construction
- Strong, vibration-resistant connection
- Suitable for repeated panel removal and reinstallation
- Genuine Fastmount® Standard Profile clip

Product Benefits

- Supports heavier panels with secure retention
- Reduces installation time through self-tapping fixing
- Provides a clean, concealed mounting solution
- Allows easy panel removal for maintenance and servicing
- Excellent durability for demanding environments
- Delivers reliable long-term performance

Technical Characteristics

- **Product Type:** Heavy-Duty Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** PC-M2H
- **System Compatibility:** Fastmount® Standard Profile Range
- **Clip Type:** Self-Tapping Heavy-Duty Male
- **Holding Capacity:** 10kg
- **Material:** Engineering-Grade Polymer
- **Installation:** Self-Tapping Concealed Mounting
- **Application:** Heavy-Duty Removable Panel Mounting

Applications

The **Fastmount PC-M2H Standard Self-Tapping Heavy Duty Male Clip** is ideal for **marine interiors, architectural joinery, commercial fit-outs, transport vehicles, industrial machinery enclosures, exhibition systems, furniture manufacturing and retail displays**. Designed for use with compatible Fastmount® Standard Profile female clips, it provides a secure, concealed and removable fixing solution for heavier panels, allowing quick removal and reinstallation for maintenance, inspection or servicing while maintaining a clean, professional finish.

Property	Value
Finish	Black
Width (mm)	20
Length (mm)	24.8
Height (mm)	20
Material	Plastic (POM)
Min. Panel Thickness (mm)	15

Property	Value
Weight (g)	2.3
Installation Type	Self tapping
Pull-out Force (kg)	10
