Fastmount Side Mount - Female

Variant code: PC-RF1

Fastmount Side Mount Female Clip (PC-RF1) is a versatile concealed mounting clip designed for applications where traditional face mounting is not practical. Ideal for **cabinet construction, refurbishment projects, floor panels and inspection hatches**, this screw-fixed side mount clip provides a secure and reliable fixing while allowing panels to be removed and refitted when maintenance or access is required.

Designed to work with **all Fastmount® Standard Profile male clips**, the PC-RF1 offers flexible installation without requiring specialist tools. Its screw-fixed design enables quick mounting to cabinet frames and supporting structures while allowing for panel flexing, expansion and contraction.

As part of the **Fastmount® concealed panel mounting system**, the PC-RF1 supports repeatable panel removal and refitting without damaging the clips, making it suitable for professional joinery, marine interiors, commercial fit-outs and refurbishment projects.

Product Features

- **Side mount female concealed mounting clip**
- Compatible with all Fastmount® Standard Profile male clips
- Screw-fixed installation
- No specialist installation tools required
- Multiple mounting options
- Allows panel flexing and expansion
- Durable engineering-grade construction
- Genuine Fastmount® Standard Profile clip

Product Benefits

- Ideal where conventional face mounting is not possible
- Installs quickly using standard screws
- Provides a secure concealed panel fixing
- Accommodates natural panel movement
- Allows repeated panel removal and reinstallation
- Improves access for maintenance and servicing

Technical Characteristics

- **Product Type:** Side Mount Female Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** PC-RF1
- **System Compatibility:** Fastmount® Standard Profile Range
- **Clip Type:** Side Mount Female
- **Fixing Method:** Screw Fixed
- **Material:** Engineering-Grade Polymer
- **Installation:** Side Mounted
- **Application:** Removable Panel Mounting

Applications

- Ceiling, wall and exterior panels
- Cabinet assembly and shelf support
- Refurbishment and upgrade projects
- Floor panels
- Inspection hatches
- Furniture manufacturing
- Marine interiors
- Commercial fit-outs
- Architectural joinery
- Various panel substrates

Property	Value
Finish	Brown
Width (mm)	38
Length (mm)	19
Colour	Brown
Height (mm)	19
Material	Plastic (POM)
Min. Panel Thickness (mm)	15
Weight (g)	5.9
Fasteners Type	3.5 mm or #6 self tapping screw
Installation Type	Surface mount with screws (4)
