

Fastmount Standard Surface Mount Adhesive Fix Heavy Duty Clip – Male – 10kg

Variant code: PC-SM2H

Fastmount Standard Surface Mount Adhesive Fix Heavy Duty Male Clip (PC-SM2H) is a high-strength concealed mounting clip engineered for demanding removable panel applications. With a **10kg holding capacity**, this heavy-duty clip provides a secure, reliable fixing for larger and heavier panels while maintaining the clean, concealed appearance of the Fastmount® Standard Profile mounting system.

Designed for **surface mounting using a suitable adhesive**, the PC-SM2H eliminates the need for recessed installation, making it ideal for applications where routing or mechanical fixing is impractical. Manufactured from durable engineering-grade polymer, it offers excellent strength, vibration resistance and long-term reliability. Used with compatible **Fastmount® Standard Profile female clips**, it allows panels to be repeatedly removed and refitted without damaging the mounting system, providing convenient access for maintenance and servicing.

As part of the **Fastmount® Standard Profile concealed panel mounting system**, the PC-SM2H delivers a professional concealed fixing solution for architectural, marine, transport and commercial interior applications requiring increased load capacity.

Product Features

- Standard Profile heavy-duty surface mount male clip
 - **10kg holding capacity**
 - Designed for adhesive fixing
 - Compatible with Fastmount® Standard Profile female clips
 - Surface-mounted installation
 - Concealed fixing system
 - Durable engineering-grade polymer construction
 - Strong, vibration-resistant connection
 - Suitable for repeated panel removal and reinstallation
 - Genuine Fastmount® Standard Profile clip
-

Product Benefits

- Securely supports heavier removable panels
- Eliminates the need for recessed mounting
- Provides a clean, concealed installation
- Allows fast panel removal for maintenance and servicing
- Excellent durability in demanding environments
- Reduces installation time where adhesive fixing is preferred

Technical Characteristics

- **Product Type:** Surface Mount Adhesive Fix Heavy-Duty Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** PC-SM2H
- **System Compatibility:** Fastmount® Standard Profile Range
- **Clip Type:** Surface Mount Adhesive Fix Heavy-Duty Male
- **Holding Capacity:** 10kg
- **Fixing Method:** Adhesive Bonding
- **Material:** Engineering-Grade Polymer
- **Installation:** Surface Mounted
- **Application:** Heavy-Duty Removable Panel Mounting

Applications

The **Fastmount PC-SM2H Standard Surface Mount Adhesive Fix Heavy Duty Male Clip** is ideal for **architectural wall panels, marine interiors, transport vehicles, commercial fit-outs, exhibition displays, furniture manufacturing, retail installations and industrial enclosures**. Designed for use with compatible **Fastmount® Standard Profile female clips**, it provides a secure, concealed and removable fixing solution for **heavier panels**, enabling quick installation and repeated removal for inspection, maintenance or servicing while maintaining a clean, professional finish.
