Fastmount TC-CP6H Textile Range TC-F6H Centre Point

Variant code: TC-CP6H

Fastmount TC-CP6H Textile Range TC-F6H Centre Point is a precision alignment tool designed to ensure accurate installation of **Fastmount® Textile Range TC-F6H female clips**. Featuring a **stainless steel marking tip**, it accurately transfers the clip position onto the reverse side of the panel, allowing precise hole placement for perfect clip alignment during installation.

Manufactured for durability and repeatable accuracy, the TC-CP6H simplifies panel preparation while helping to minimise installation errors and improve overall fitting efficiency. Used in conjunction with the Fastmount® Textile Range installation process, it enables consistent positioning of panel clips, resulting in professional-quality concealed panel installations.

As part of the **Fastmount® multi-award-winning concealed panel mounting system**, the TC-CP6H helps installers achieve precise alignment while supporting the system's ability to remove and refit panels repeatedly in any sequence without damaging the mounting hardware.

Product Features

- Centre point alignment tool for **TC-F6H female clips**
- Precision **stainless steel marking tip**
- Accurately marks hole centres in panels
- Ensures correct clip alignment
- Improves installation accuracy
- Durable construction for repeated use
- Easy to use with Fastmount® installation guides
- Genuine Fastmount® Textile Range installation tool

Product Benefits

- Delivers precise clip positioning every time
- Reduces installation errors and rework
- Speeds up panel preparation
- Improves overall installation accuracy
- Supports professional concealed panel installations

- Designed for long-term workshop and on-site use

Technical Characteristics

- **Product Type:** Centre Point Alignment Tool
- **Brand:** Fastmount
- **Model:** TC-CP6H
- **Range:** Textile Range
- **Compatible Clip:** TC-F6H Female Clip
- **Tip Material:** Stainless Steel
- **Function:** Hole Centre Marking and Clip Alignment
- **Application:** Textile Panel Installation

Applications

Fastmount TC-CP6H Textile Range TC-F6H Centre Point is ideal for **upholstered panels, textile-covered wall panels, marine interiors, transport interiors, commercial fit-outs, exhibition displays, bespoke furniture and architectural joinery**. Designed for use with the **Fastmount® Textile Range TC-F6H female clip**, it provides fast, accurate panel marking to ensure precise clip alignment and efficient installation while supporting repeatable panel removal and refitting.
