Fastmount Textile Screw Fix Clip - Male

Variant code: TC-M6

Fastmount Textile Screw Fix Male Clip (TC-M6) is a precision-engineered concealed mounting clip developed for use with the **Fastmount® Textile Range**. Designed to provide a secure, removable fixing for upholstered and fabric-covered panels, this screw-fix male clip delivers reliable panel retention while maintaining a clean, seamless finish. Its concealed design allows panels to be repeatedly removed and refitted without damaging the upholstery or mounting system.

Manufactured from durable engineering-grade polymer, the TC-M6 offers excellent strength, vibration resistance and long-term performance. The clip is **screw-fixed for quick and accurate installation** and is designed to engage with compatible **Fastmount® Textile Range female clips**, providing consistent alignment and dependable holding performance. This makes it ideal for installations where regular access behind textile panels is required for maintenance or servicing.

As part of the **Fastmount® multi-award-winning concealed panel mounting system**, the TC-M6 combines fast installation, secure panel fixing and convenient removability, making it suitable for professional interior fit-out projects.

Product Features

- Screw-fix male clip for the Fastmount® Textile Range
- Compatible with Fastmount® Textile Range female clips
- Concealed removable fixing system
- Screw-fixed installation
- Durable engineering-grade polymer construction
- Strong, vibration-resistant connection
