Fastmount Textile Clip VHB Tape Fix - Male

Variant code: TC-SM6

Fastmount Textile VHB Tape Fix Male Clip (TC-SM6) is a professional concealed mounting clip designed for use with the **Fastmount® Textile Range**, providing a fast and reliable fixing solution for upholstered and fabric-covered panels. Featuring a **pre-applied VHB™ adhesive tape**, this male clip eliminates the need for mechanical fixings, enabling quick, clean installation while maintaining a seamless concealed appearance.

Manufactured from durable engineering-grade polymer, the TC-SM6 offers excellent strength, vibration resistance and long-term performance. The high-bond VHB™ tape provides a secure attachment to suitable panel surfaces, while the clip engages with compatible **Fastmount® Textile Range female clips** to create a strong yet removable fixing. This allows panels to be repeatedly removed and refitted for maintenance, inspection or replacement without damaging the mounting system.

As part of the **Fastmount® multi-award-winning concealed panel mounting system**, the TC-SM6 delivers a simple, efficient and professional solution for textile panel installations where screw fixing is not desirable.

Product Features

- VHB™ tape fix male clip for the Fastmount® Textile Range
- Pre-applied high-bond VHB™ adhesive tape
- Compatible with Fastmount® Textile Range female clips
- Concealed removable fixing system
- No screw fixing required
- Durable engineering-grade polymer construction
- Strong, vibration-resistant connection
- Quick and clean installation
- Suitable for repeated panel removal and reinstallation
- Genuine Fastmount® Textile Range clip

Product Benefits

- Eliminates the need for mechanical
