

Fastmount Standard Clip Vario Self Tapping – 5kg – Male

Variant code: PC-VM1

Fastmount Standard Vario Self-Tapping Male Clip (PC-VM1) is a versatile concealed mounting clip designed for secure, removable panel fixing where precise alignment and installation flexibility are essential. With a **5kg pull-out load**, this self-tapping clip features a **variable gap design** that compensates for panel and substrate tolerances, ensuring consistent engagement and a professional concealed finish.

Designed for quick surface mounting, the PC-VM1 installs directly into suitable substrates using countersunk screws, providing a reliable fixing without the need for complex machining. Manufactured from durable engineering-grade polymer, it offers excellent strength, vibration resistance and long-term performance. Compatible with a range of **Fastmount® Standard Profile female clips**, it allows panels to be repeatedly removed and refitted without damaging the mounting system, making it ideal for installations requiring regular maintenance or access.

As part of the **Fastmount® Standard Profile concealed panel mounting system**, the PC-VM1 delivers clean aesthetics, dependable performance and efficient installation across a wide range of commercial and architectural applications.

Product Features

- Standard Profile Vario self-tapping male clip
- **5kg pull-out load**
- Variable gap design for accurate panel alignment
- Surface-mount installation
- Self-tapping design for quick fitting
- Compatible with Fastmount® Standard Profile female clips
- Durable engineering-grade polymer construction
- Strong, vibration-resistant concealed fixing
- Suitable for repeated panel removal and

- reinstallation
- Genuine Fastmount® Standard Profile clip

Product Benefits

- Compensates for installation and panel tolerances
- Provides a secure concealed panel fixing
- Quick and straightforward installation
- Allows fast panel removal for maintenance and servicing
- Delivers reliable long-term performance
- Creates a clean, professional concealed finish

Technical Characteristics

- **Product Type:** Vario Self-Tapping Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** PC-VM1
- **System Compatibility:** Fastmount® Standard Profile Range
- **Clip Type:** Vario Self-Tapping Male
- **Holding Capacity:** 5kg Pull-Out Load
- **Mounting Style:** Surface Mount
- **Material:** Engineering-Grade Polymer
- **Application:** Removable Panel Mounting

Applications

The **Fastmount PC-VM1 Standard Vario Self-Tapping Male Clip** is ideal for **architectural wall panels, furniture manufacturing, marine interiors, shopfitting, commercial fit-outs, transport interiors, exhibition displays and bespoke joinery**. Designed for use with compatible **Fastmount® Standard Profile female clips**, it provides a secure, concealed and removable fixing solution that allows panels to be quickly removed and refitted for inspection, maintenance or servicing while maintaining a precise, professional appearance.
