Fastmount Very Low Profile Clip - Male

Variant code: VL-M3

Fastmount Very Low Profile Male Clip (VL-M3) is a precision-engineered concealed mounting clip designed for applications where minimal panel clearance and a discreet fixing solution are essential. As part of the **Fastmount® Very Low Profile Range**, it delivers exceptional holding performance while maintaining an ultra-low installation height, making it ideal for premium architectural, automotive, marine and furniture applications.

Manufactured from durable engineering-grade polymer, the VL-M3 provides outstanding strength, vibration resistance and long-term reliability. Its compact self-locating design enables quick installation and secure engagement with compatible **Fastmount® Very Low Profile female clips**, creating a concealed fixing that allows panels to be repeatedly removed and refitted without damaging the mounting system. The very low profile maximises available space while maintaining a clean, flush appearance.

As part of the **Fastmount® multi-award-winning concealed panel mounting system**, the VL-M3 combines secure retention, fast installation and convenient panel removability, providing a professional solution for applications where aesthetics and performance are equally important.

Product Features

- Very Low Profile male clip
- Ultra-low profile concealed fixing
- Compatible with Fastmount® Very Low Profile female clips
- Durable engineering-grade polymer construction
- High-strength, vibration-resistant connection
- Compact design for restricted installation spaces
- Quick and straightforward installation
- Allows repeated panel removal and reinstallation
- Suitable for a wide range of panel materials
- Genuine Fastmount® Very Low Profile clip

Product Benefits

- Creates a sleek, near-invisible concealed fixing
- Maximises usable space with minimal installation height
- Provides secure and reliable panel retention
- Simplifies installation and reduces assembly time
- Enables quick panel removal for maintenance and servicing
- Delivers long-lasting performance in demanding environments

Technical Characteristics

- **Product Type:** Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** VL-M3
- **Range:** Fastmount® Very Low Profile
- **Clip Type:** Male
- **Material:** Engineering-Grade Polymer
- **Installation:** Concealed Panel Mounting
- **Application:** Removable Panel Fixing

Applications

The **Fastmount VL-M3 Very Low Profile Male Clip** is ideal for **architectural wall panels, furniture manufacturing, automotive interiors, marine interiors, aerospace applications, industrial equipment, consumer electronics, exhibition displays and bespoke joinery**. Designed for use with compatible **Fastmount® Very Low Profile female clips**, it provides a secure, concealed and removable fixing solution that delivers a clean, flush appearance while allowing panels to be quickly removed and refitted for maintenance, inspection or servicing.
