Fastmount Very Low Profile Exrta Heavy Duty Clip - 25kg - Male

Variant code: VL-M3X

Fastmount Very Low Profile Extra Heavy Duty Male Clip (VL-M3X) is the highest-strength clip in the **Fastmount® Very Low Profile Range**, engineered for demanding applications requiring exceptional holding power with minimal installation depth. With an impressive **25kg load capacity**, this extra heavy-duty clip delivers outstanding retention while maintaining an ultra-low profile, making it ideal for architectural, marine, industrial and transport applications where strength and aesthetics are equally important.

Manufactured from high-performance engineering-grade polymer, the VL-M3X provides exceptional durability, vibration resistance and long-term reliability in harsh environments. Designed for use with compatible **Fastmount® Very Low Profile female clips**, it forms a secure concealed connection while allowing panels to be repeatedly removed and refitted without damaging the mounting system. Its compact design maximises available installation space while providing dependable support for larger and heavier removable panels.

As part of the **Fastmount® multi-award-winning concealed panel mounting system**, the VL-M3X offers a professional concealed fixing solution that combines superior load capacity, quick installation and convenient panel accessibility.

Product Features

- Very Low Profile extra heavy-duty male clip
- **25kg load capacity**
- Ultra-low profile concealed fixing
- Compatible with Fastmount® Very Low Profile female clips
- Secure locking mechanism
- Durable engineering-grade polymer construction
- Extra heavy-duty, vibration-resistant connection
- Compact design for restricted installation spaces
- Suitable for repeated panel removal and

reinstallation
- Genuine Fastmount® Very Low Profile clip

Product Benefits

- Supports large and heavy removable panels with confidence
- Maintains a sleek, low-profile concealed appearance
- Maximises usable space where installation depth is limited
- Provides exceptional holding strength in demanding environments
- Enables quick panel removal for maintenance and servicing
- Delivers long-lasting durability and reliable performance

Technical Characteristics

- **Product Type:** Extra Heavy-Duty Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** VL-M3X
- **Range:** Fastmount® Very Low Profile
- **Clip Type:** Male
- **Load Capacity:** 25kg
- **Material:** Engineering-Grade Polymer
- **Installation:** Concealed Panel Mounting
- **Application:** Extra Heavy-Duty Removable Panel Fixing

Applications

The **Fastmount VL-M3X Very Low Profile Extra Heavy Duty Male Clip** is ideal for **marine vessels, industrial equipment, automotive and transport interiors, aerospace applications, architectural wall panels, commercial fit-outs, exhibition systems and bespoke joinery**. Designed for use with compatible **Fastmount® Very Low Profile female clips**, it provides a secure, concealed and removable fixing solution for the heaviest panel installations, allowing quick removal and refitting for maintenance, inspection or servicing while maintaining a clean, professional finish.
