

Fastmount Very Low Profile Heavy Duty Clip – 10kg – Male

Variant code: VL-M3H

Fastmount Very Low Profile Heavy Duty Male Clip (VL-M3H) is a high-strength concealed mounting clip designed for applications requiring exceptional holding power with minimal installation depth. As part of the **Fastmount® Very Low Profile Range**, this heavy-duty male clip provides a **10kg load capacity**, delivering a secure, removable fixing while maintaining an ultra-low profile for a clean, professional finish.

Manufactured from high-performance engineering-grade polymer, the VL-M3H offers outstanding strength, vibration resistance and long-term durability. Designed for use with compatible **Fastmount® Very Low Profile female clips**, it provides a secure locking connection that allows panels to be repeatedly removed and refitted without damaging the concealed mounting system. Its compact design is ideal where installation space is limited but reliable heavy-duty retention is essential.

As part of the **Fastmount® multi-award-winning concealed panel mounting system**, the VL-M3H combines heavy-duty performance with quick installation and convenient panel accessibility, making it an ideal solution for commercial, marine, automotive and industrial applications.

Product Features

- Very Low Profile heavy-duty male clip
- **10kg load capacity**
- Ultra-low profile concealed fixing
- Compatible with Fastmount® Very Low Profile female clips
- Secure locking mechanism
- Durable engineering-grade polymer construction
- Heavy-duty, vibration-resistant connection
- Compact design for restricted installation spaces
- Suitable for repeated panel removal and reinstallation
- Genuine Fastmount® Very Low Profile clip

Product Benefits

- Supports heavier panels with a secure concealed fixing
- Creates a sleek, low-profile professional appearance
- Maximises usable space where clearance is limited
- Provides reliable performance in demanding environments
- Enables quick panel removal for maintenance and servicing
- Delivers long-lasting durability and consistent retention

Technical Characteristics

- **Product Type:** Heavy-Duty Male Concealed Mounting Clip
- **Brand:** Fastmount
- **Model:** VL-M3H
- **Range:** Fastmount® Very Low Profile
- **Clip Type:** Male
- **Load Capacity:** 10kg
- **Material:** Engineering-Grade Polymer
- **Installation:** Concealed Panel Mounting
- **Application:** Heavy-Duty Removable Panel Fixing

Applications

The **Fastmount VL-M3H Very Low Profile Heavy Duty Male Clip** is ideal for **automotive interiors, marine installations, industrial equipment, architectural wall panels, furniture manufacturing, retail displays, exhibition systems and bespoke joinery**. Designed for use with compatible **Fastmount® Very Low Profile female clips**, it provides a secure, concealed and removable fixing solution that supports heavier panels while allowing quick removal and refitting for maintenance, inspection or servicing.
