

Fastmount Very Low Profile Heavy Duty Clip – 10kg – Male

Variant code: VL-M3H

Fastmount Very Low Profile Heavy Duty Clip – 10kg – Male

This Fastmount Very Low Profile Heavy Duty Clip is designed for secure and space-saving mounting solutions. With a 10kg load capacity, it's ideal for applications where strength and minimal protrusion are crucial.

Key Features:

Heavy Duty: Built to withstand demanding applications with a 10kg load capacity.

Very Low Profile: Minimises protrusion for a sleek and streamlined appearance.

Secure Locking Mechanism: Ensures a strong and reliable connection.

Versatile Applications: Suitable for a wide range of mounting needs in automotive, marine, industrial, and other sectors.

Easy Installation: Quick and simple to install, saving time and effort.

Benefits:

Enhanced Aesthetics: The low profile design improves the visual appeal of your application.

Space Saving: Ideal for applications where space is limited.

Increased Durability: Robust construction ensures long-lasting performance.

Improved Safety: Secure mounting reduces the risk of components becoming dislodged.

Applications:

Automotive: Mounting panels, consoles, and accessories.

Marine: Securing equipment on boats and yachts.

Industrial: Fixing machinery components, signage,

and more.
