Fastmount Very Low Profile Stainless Steel Screw

Variant code: VL-SS3

Fastmount Very Low Profile Stainless Steel Screw (VL-SS3) is a premium fixing designed specifically for use with the **Fastmount® Very Low Profile Range**. Manufactured from high-grade stainless steel, it provides exceptional strength, corrosion resistance and long-term durability while maintaining the clean, discreet appearance of concealed panel installations.

Engineered for demanding environments, the VL-SS3 offers reliable fastening for Fastmount® Very Low Profile clips, ensuring secure installation across marine, automotive, architectural and industrial applications. Its **very low profile head** minimises protrusion, helping achieve a flush, professional finish while preserving valuable installation space. Designed for quick and efficient installation, it delivers dependable performance in both interior and exterior environments.

As part of the **Fastmount® Very Low Profile concealed panel mounting system**, the VL-SS3 provides a durable fixing solution that complements the system's precision-engineered clips, ensuring reliable performance throughout the life of the installation.

Product Features

- Stainless steel fixing screw for the Fastmount® Very Low Profile Range
- Ultra-low profile head design
- High-strength stainless steel construction
- Excellent corrosion resistance
- Designed for use with compatible Fastmount® Very Low Profile clips
- Strong and secure fastening
- Quick and straightforward installation
- Suitable for interior and exterior applications
- Genuine Fastmount® installation accessory

Product Benefits

- Provides secure, long-lasting clip installation
- Maintains a clean, low-profile appearance

- Resists corrosion in demanding environments
- Reduces installation time with simple fitting
- Suitable for a wide range of professional applications
- Delivers reliable long-term fastening performance

Technical Characteristics

- **Product Type:** Stainless Steel Installation Screw
- **Brand:** Fastmount
- **Model:** VL-SS3
- **Range:** Fastmount® Very Low Profile
- **Material:** Stainless Steel
- **Head Style:** Very Low Profile
- **Corrosion Resistance:** High
- **Application:** Clip Installation and Concealed Panel Mounting

Applications

The **Fastmount VL-SS3 Very Low Profile Stainless Steel Screw** is ideal for **marine interiors, automotive applications, aerospace components, architectural wall panels, commercial fit-outs, industrial equipment, exhibition displays, furniture manufacturing and bespoke joinery**. Designed for use with compatible **Fastmount® Very Low Profile clips**, it provides a secure, corrosion-resistant fastening solution that ensures reliable concealed panel installations while maintaining a sleek, professional finish.
