Fastmount Low Profile Yard Kit

Variant code: LP-08Y

Fastmount Low Profile Yard Kit is a comprehensive installation kit developed for the **Fastmount® Low Profile concealed panel mounting system**. Designed for professional installers and manufacturers, it provides the essential tools required for accurate, efficient and repeatable installation of Low Profile clips, helping to achieve clean, concealed panel fixing across a wide range of applications.

The kit is engineered to simplify panel preparation and clip installation, improving accuracy while reducing installation time. Whether used in the workshop or on-site, the tools are organised in a durable carry case for convenient transport and storage, ensuring installers always have the correct equipment readily available.

The **Fastmount® multi-award-winning concealed mounting system** enables panels to be removed and refitted repeatedly in any sequence without damaging the fixing system, making it an ideal solution for high-quality removable panel installations in demanding environments.

Product Features

- Complete installation kit for the **Fastmount® Low Profile range**
- Designed for accurate and efficient clip installation
- Suitable for workshop and on-site use
- Durable storage/carry case for tool organisation
- Professional-grade installation tools
- Genuine Fastmount® installation kit
- Designed to support concealed removable panel systems

Product Benefits

- Improves installation speed and consistency
- Helps achieve accurate clip positioning
- Keeps installation tools organised and protected
- Reduces installation errors and downtime
- Supports professional-quality concealed
