Fastmount Yard Kit - 6 Piece Installation Tool Set

Variant code: CT-08

Fastmount Yard Kit with 6 Tools is a **professional installation tool kit** designed for the **Fastmount® Standard Profile concealed panel mounting system**. Supplied in a durable **plastic storage case**, this comprehensive kit contains the essential installation tools required for accurate, efficient and repeatable fitting of Fastmount Standard Profile clips, making it ideal for professional installers, joiners and shopfitters.

The kit includes **CT-01, CT-03, CT-05, CT-07, CT-09 and CT-10**, providing everything needed to prepare panels and frames for Fastmount clip installation. Each tool is precision engineered to ensure accurate positioning, drilling and installation, helping reduce fitting time while delivering consistent professional results.

Designed to support the **Fastmount® multi-award-winning concealed panel mounting system**, this tool kit enables installers to create secure panel installations that allow panels to be removed and refitted repeatedly in any sequence without damaging the fixing system. The robust plastic storage case keeps the tools organised, protected and easy to transport between workshop and installation sites.

Ideal for marine interiors, architectural joinery, furniture manufacturing and commercial fit-outs, the Fastmount Yard Kit provides a complete installation solution for Fastmount Standard Profile applications.

Product Features

- **Complete Fastmount® Standard Profile installation tool kit**
- Includes **6 professional installation tools**
- Supplied in a durable plastic storage case
- Precision tools for accurate clip installation
- Designed for Fastmount® Standard Profile systems
- Suitable for professional installation and workshop use

Product Benefits

Tel: 01626 333900
Email: info@swshardware.com

- **Provides all essential tools for Fastmount Standard Profile installation**
- **Improves installation accuracy and consistency**
- **Reduces installation time and increases productivity**
- Keeps tools organised and protected during transport
