

Flexible Tape Stainless Steel Fixing Clips – 13–22mm

Variant code: LFS1322SS.CLIP

The **Flexible LED Tape Stainless Steel Fixing Clips** are durable mounting accessories designed to securely support compatible **Domus Line flexible LED tape profiles**. Manufactured from high-quality stainless steel, these clips provide a strong and discreet fixing solution while ensuring the lighting profile remains securely in position.

Suitable for installation on supports with a **minimum thickness of 13mm** and a **maximum thickness of 22mm**, the fixing clips offer a reliable mechanical attachment without compromising the appearance of the lighting installation. Their corrosion-resistant stainless steel construction makes them suitable for a wide range of residential and commercial applications.

Supplied **individually**, these fixing clips allow installers to purchase the exact quantity required, making them ideal for both new installations and replacement projects.

Product Features

- Stainless steel fixing clip for compatible flexible LED tape profiles
- Suitable for support thicknesses from 13mm to 22mm
- Strong and durable corrosion-resistant construction
- Provides secure mechanical fixing
- Compact, discreet design
- Suitable for professional furniture lighting installations
- Supplied individually

Product Benefits

- **Provides a secure and reliable fixing for compatible flexible LED tape profiles**
- **Stainless steel construction offers excellent durability and corrosion resistance**
- **Suitable for a wide range of support thicknesses from 13mm to 22mm**
- Helps maintain neat and professional lighting installations
- Compact design remains discreet once installed

- Individual supply allows the exact quantity required to be purchased
- Suitable for both new installations and replacement applications
- Ideal for residential and commercial furniture lighting projects

Technical Characteristics

- Product Type: LED Tape Fixing Clip
- Material: Stainless Steel
- Compatible Support Thickness: 13mm–22mm
- Application: Mounting Compatible Flexible LED Tape Profiles
- Supply Format: Sold Individually
- Compatibility: Domus Line Compatible Flexible LED Tape Systems

Applications

The **Flexible LED Tape Stainless Steel Fixing Clips** are ideal for securing compatible **flexible LED tape profiles** in **under-cabinet lighting, wardrobes, shelving, display cabinets, retail displays, office furniture, hospitality interiors and bespoke joinery**. Their robust stainless steel construction provides long-lasting support while maintaining a clean and professional lighting installation.
