Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Inset Arm Cover Plate - Nickel

Variant code: ACH09500NI

Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Arm Cover Plate Half Overlay - Nickel is designed to conceal and protect the exposed hinge arm in half overlay concealed hinge installations, improving both durability and cabinet presentation. Manufactured by **Sugatsune**, a globally recognised specialist in precision architectural and furniture hardware, this cover plate provides a refined finishing detail while maintaining full compatibility with heavy-duty concealed hinge systems.

The cover plate fits securely over the hinge arm to **hide exposed mechanical components**, delivering a cleaner and more consistent cabinet interior appearance. By reducing visible hardware, it enhances the overall aesthetic while also helping to protect the hinge mechanism from dust, debris and incidental contact during everyday use, supporting long-term performance.

Specifically designed for **half overlay cabinet door applications**, the cover plate integrates seamlessly with compatible Sugatsune hinge systems without interfering with hinge movement or door function. It maintains full operational performance while improving the visual finish of the hinge installation, particularly in multi-door cabinet configurations where alignment and presentation are important.

Finished in a **durable nickel-plated surface**, the cover plate offers a clean and neutral appearance suitable for a wide range of cabinetry styles. The finish provides resistance to wear and maintains a consistent look across cabinet interiors and hardware components.

Product Features

- Designed to **cover concealed hinge arm components**
- Compatible with **heavy-duty concealed hinge systems**
- **Half overlay application compatibility**
- **Nickel-plated finish** for a clean, uniform

appearance
- Helps protect hinge components from dust and contact
- Precision fit without affecting hinge movement

Product Benefits

- Improves cabinet interior appearance with concealed hardware
- Enhances the overall finish of hinge installations
- Protects hinge components from everyday wear and debris
- Maintains smooth and reliable hinge performance
- Supports coordinated cabinet hardware design
- Suitable for residential and commercial cabinetry

Technical Characteristics

- Cover plate for concealed hinge arm protection
- Designed for half overlay cabinet hinge configurations
- Compatible with Sugatsune heavy-duty concealed hinges
- Nickel-plated steel construction
- Snap-on or push-fit installation over hinge arm
- Suitable for internal cabinet use

Applications

This hinge arm cover plate is used in cabinetry where half overlay concealed hinges are installed and a clean, professional finish is required. It is commonly specified in kitchens, wardrobes, office furniture and commercial joinery projects where both durability and presentation are important. The nickel finish makes it suitable for a broad range of cabinet styles, ensuring consistency across hardware components in both traditional and contemporary interiors.
