Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Inset Arm Cover Plate - Grey

Variant code: ACH09500GY

Sugatsune Heavy Duty Concealed Cabinet Door Hinge - Inset Arm Cover Plate - Grey is designed to conceal and protect the exposed hinge arm in inset concealed hinge installations, enhancing both durability and cabinet presentation. Manufactured by **Sugatsune**, a globally recognised specialist in precision architectural and furniture hardware, this cover plate provides a clean, functional finishing detail while maintaining compatibility with heavy-duty concealed hinge systems.

The cover plate fits securely over the hinge arm to **hide visible mechanical components**, creating a uniform and refined cabinet interior. By reducing exposed hardware, it improves the overall aesthetic while also helping to protect hinge components from dust, debris and accidental contact during everyday use, supporting long-term performance and reliability.

Designed specifically for **inset cabinet door applications**, the cover plate integrates seamlessly with compatible Sugatsune concealed hinges without interfering with hinge movement or door operation. Its precision fit ensures that the hinge retains full functionality while benefiting from improved visual concealment, particularly in flush cabinet designs where detail and finish are critical.

Finished in a **neutral grey tone**, the cover plate provides a subtle and practical appearance suited to a wide range of cabinetry interiors. The durable finish maintains a consistent look while offering resistance to everyday wear in both residential and commercial environments.

Product Features

- Designed to **conceal hinge arm components**
- Compatible with **heavy-duty concealed hinge systems**
- **Inset application compatibility**
- **Grey finish** for neutral cabinet interiors

- Protects hinge components from dust and contact
- Precision fit without affecting hinge performance

Product Benefits

- Creates a clean and uniform cabinet interior appearance
- Enhances the overall finish of inset hinge installations
- Protects hinge mechanisms from wear and debris
- Maintains smooth and reliable hinge operation
- Supports consistent and professional cabinet detailing
- Suitable for residential and commercial cabinetry

Technical Characteristics

- Cover plate for concealed hinge arm protection
- Designed for inset cabinet hinge configurations
- Compatible with Sugatsune heavy-duty concealed hinges
- Grey surface finish
- Snap-on or push-fit installation over hinge arm
- Suitable for internal cabinet applications

Applications

This hinge arm cover plate is used in cabinetry where inset concealed hinges are installed and a clean, flush finish is required. It is commonly specified in kitchens, wardrobes, office furniture and commercial joinery projects where both durability and presentation are important. The neutral grey finish makes it particularly suitable for internal cabinet use across a wide range of furniture styles.
