Flush Bolt - 6" - Black PVD Stainless Steel

Variant code: 90266

We have an extensive range of door, window, french and flush bolts, ranging from 4" to 12".

This flush bolt features a strong spring mechanism and can be used on sliding/folding door systems.

Usually used to secure the slave door, it requires rebating into the surface or edge of your door.

Maximum depth of cut out: 25mm.

Supplied with matching SS wood screws.

Our black finish is a popular choice in traditional settings, it has a subtle sheen and offers a bold contrast on both stained and painted timber alike. It is baked in a high-temperature oven giving it durable corrosion resistant properties.

Property	Value
