Flush/Slide Door Bolt - 12" - Pewter

Variant code: 33627

We have an extensive range of door, window, french and flush bolts, ranging from 4" to 12".

This flush bolt features a strong spring mechanism and can be used on sliding/folding door systems.

- Usually used to secure the slave door, it requires rebating into the surface or edge of your door.
- Maximum depth of cut out: 18mm.
- Supplied with matching SS wood screws.

Our pewter patina finish is forged from a durable base of steel and is a fine example of how our unique manufacturing techniques add further detail to the natural charm of metals. The process by which the contrasting textures of this finish are created results in a rich appearance that sits well in characterful, rustic homes but also offers a contemporary alterative in more modern settings.

Property	Value
