

Forend & Strike Plate Pack to Suit Square Case Mortice Latch – Black

Variant code: 2415.FS.45.BK

The **Forend & Strike Plate Pack for Square Case Mortice Latch** is a convenient replacement accessory kit designed to restore the appearance and functionality of compatible UK flat mortice latches. Finished in **Black**, the pack includes a matching **blank forend**, strike plate and fixing screws, providing everything required for a professional replacement installation.

Designed to suit **square case UK flat mortice latches**, this accessory pack is ideal for replacing worn, damaged or missing latch components without changing the complete latch mechanism. The coordinated black finish complements modern door furniture, while the supplied fixings ensure quick and straightforward installation on compatible timber doors.

Suitable for maintenance, refurbishment and replacement projects, the Forend & Strike Plate Pack offers a practical and cost-effective solution for extending the service life of compatible mortice latches while maintaining a neat, professional appearance.
