

Forged Cabin Hook – 4" – Pewter

Variant code: 83792

Our range of cabin hooks are ideal for safely holding open doors and window. Most commonly used on external patio or french doors, they can also be used to secure shutters in place or keep cupboard doors closed.

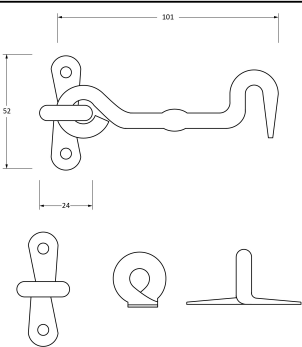

Our cabin hook is hand forged from mild steel using the traditional manufacturing method of an anvil and fire. A perfect design choice for internal or external doors with matching products available.

Available in eight different sizes.

Supplied with matching SS wood screws.

Property	Value
Finish	Pewter Patina
Depth (mm)	7
Range	Forged
Handle Length (mm)	106

Gallery

Technical drawing of a 4" Forged Cabin Hook. The drawing shows the hook in three views: a side view with dimensions (101mm length, 52mm height, 24mm width), a front view, and a back view. The hook is made of mild steel and has a black finish.

Please Note, due to the hand crafted nature of our products all measurements are approximate and should be used as a guide only.
