

Glass Door Lock Will Suit 6 – 8mm Glass – Keyed Alike – 24K Gold Plated

Variant code: AGL02209GL.KA

Glass Door Lock is a premium locking solution designed to provide secure access control for **6–8mm thick swing glass showcase doors**. Available in **Black, Polished Chrome and 24k Gold Plated finishes**, it combines dependable security with an elegant appearance, making it ideal for retail displays, jewellery showcases, museums, display cabinets and premium commercial interiors.

Manufactured from **stainless steel and zinc alloy**, the GS-GL5KA offers exceptional durability, corrosion resistance and long-lasting performance. The integrated **strike plate also functions as a door stopper**, ensuring stable door positioning and smooth locking operation while helping to protect the glass door during everyday use. Supplied **keyed alike**, multiple locks can be operated using the same key, providing convenient access management where several display cabinets are installed.

Designed for use with compatible **Sugatsune glass hinges and brackets**, this lock forms part of a coordinated hardware solution, delivering reliable security and a professional finish while allowing the chosen finish to complement a wide variety of interior styles.

Product Features

- Glass door lock for **6–8mm thick swing glass doors**
- Available in **Black, Polished Chrome and 24k Gold Plated** finishes
- **Keyed alike** for convenient multiple-lock operation
