

Glass Door Lock Will Suit 6 – 8mm Glass – Random Keyed – 24K Gold Plated

Variant code: AGL02208GL.RD

Keep your glass showcase swing doors secure with this glass door lock. This high-quality cylinder lock for door security on your showcases has a stylish finish in either black, polished chrome or 24k gold plate and features strong, durable components including stainless steel and zinc alloy. The strike plate on this glass cabinet lock also works as a door stopper, which helps to provide stable locking operation. We designed this glass door lock to be used together with a glass hinge and bracket, for a harmonious hardware solution for your showcase.
