

Guide For Multi-Purpose Lid – Satin Stainless Steel

Variant code: AZ-SLP310

Guide for Multi-Purpose Lid is a genuine accessory designed to provide accurate alignment and smooth operation for compatible Sugatsune multi-purpose lid systems. Manufactured in a durable **satin stainless steel finish**, this guide helps ensure stable lid movement while enhancing the overall reliability and longevity of the installation. It is the ideal component for completing premium waste disposal, access and utility lid assemblies.

Constructed from corrosion-resistant stainless steel, the guide is engineered for long-term performance in demanding commercial and residential environments. Its precision design supports consistent lid positioning during opening and closing, helping to reduce movement, improve stability and maintain smooth operation. The satin stainless steel finish complements modern architectural fittings while providing excellent resistance to everyday wear and corrosion.

Designed for professional installers, cabinet makers and commercial fit-out specialists, the Sugatsune Guide for Multi-Purpose Lid offers a dependable finishing component that integrates seamlessly with compatible lid systems to deliver reliable, professional performance.

Product Features

- Genuine Sugatsune guide for multi-purpose lid systems
- Manufactured from corrosion-resistant stainless steel
- Satin stainless steel finish
- Provides accurate lid guidance and alignment
- Supports smooth lid operation
- Durable, precision-engineered construction
- Suitable for commercial and residential installations
- Designed for use with compatible Sugatsune multi-purpose lids

Product Benefits

- Improves the alignment and stability of

compatible multi-purpose lids

- **Stainless steel construction provides excellent durability and corrosion resistance**
- **Satin finish complements modern architectural hardware**
- Promotes smooth, reliable opening and closing action
- Helps reduce wear on moving lid components
- Simple installation with compatible lid systems
- Suitable for demanding commercial environments
- Low-maintenance, long-lasting performance

Technical Characteristics

- Product Type: Multi-Purpose Lid Guide
- Brand: Sugatsune
- Material: Stainless Steel
- Finish: Satin Stainless Steel
- Function: Lid Guidance and Alignment
- Compatibility: Sugatsune Multi-Purpose Lid Systems
- Installation: For Use with Compatible Lid Assemblies

Applications

The **Guide for Multi-Purpose Lid** is ideal for **commercial worktops, office furniture, hospitality counters, healthcare facilities, laboratories, educational buildings, kitchens and bespoke cabinetry**.
