

Hawa Clipo – HM IS – 16 – Up to 1 Door

Variant code: 053.3223.071

Hawa Clipo – HM IS – 16: Smooth and Silent Sliding Door Hardware for Single Doors

Unlock effortless movement and space-saving design with the Hawa Clipo – HM IS – 16 sliding door system. Engineered for single interior doors weighing up to 16 kg, this high-quality Swiss-made hardware solution delivers smooth, quiet, and reliable operation for residential and light commercial applications.

Key Features and Benefits:

- **Designed for Single Doors:** Specifically optimised for single sliding door installations, providing a clean and uncluttered aesthetic.
- **Weight Capacity up to 16 kg:** Robust construction ensures reliable performance for interior doors made from various materials, including wood, glass (with appropriate accessories), and composite.
- **Smooth and Silent Operation:** Precision-engineered components and high-quality rollers guarantee a whisper-quiet and fluid sliding motion, enhancing the tranquility of your space.
- **Inslide (IS) Design:** The "IS" designation indicates an inslide or inset mounting style, where the door sits flush within the opening when closed, creating a sleek and integrated look.
- **Minimalist and Discreet:** The Hawa Clipo system boasts a discreet design, ensuring the focus remains on the beauty of your door.
- **Durable and Long-Lasting:** Manufactured in Switzerland to exacting standards, Hawa hardware is renowned for its exceptional durability and longevity, providing years of reliable use.
- **Easy Installation:** Designed with ease of installation in mind, making it suitable for both DIY enthusiasts and professional installers. Comprehensive instructions and readily available accessories simplify the process.

- **Versatile Applications:** Ideal for a wide range of interior spaces, including living rooms, bedrooms, kitchens, closets, and office partitions, where maximising space and maintaining a seamless flow are essential.
- **High-Quality Materials:** Constructed from premium materials to ensure strength, stability, and resistance to wear and tear.
- **Space-Saving Solution:** Sliding doors eliminate the need for swing space, making them perfect for smaller rooms or areas where traditional hinged doors would be impractical.
